

## **Why I believe the Jewish Messiah's return is foretold by blood moons!**

Most evangelical YouTube video authors interested in Eschatology (the study of End Times) had pinpointed the rapture of the church to happen in 2023, and the return of Jesus to happen 7 years later in 2030. We now know the rapture didn't happen in 2023 so now most of us now believe Jesus' return will happen in 2033. Most theologians believe today that Jesus was crucified on April 3, 0033. Hosea 6:1-3: states clearly that 2000 years must pass from Jesus' crucifixion date to His return date, which can only be in the year 2033. The nesting of 10 tetrads from 0032 to 2033 with the 4 consecutive blood moons happening on Passover and Sukkots is phenomenal. And then looking at the NASA website we see no more full Tetrads of blood moons happening out to the year 3000.

If I am right about 2033 being the year of Christ's return, then 2026 may very well be the year of the rapture of the Church. Pre-tribbers will certainly agree with this 2026 rapture date.

The Blood Moon chart below is the reason I am convinced 2033 is the year of Messiah's return. All the pieces of this puzzle are falling into place. We need to first determine the year the Lord was crucified and died on a wooden cross on Golgotha.

**Luke 3:23:** *Now Jesus Himself began His ministry at about thirty years of age...*

Bible scholars using the Gospels believe Jesus had a 3-year ministry and was crucified in 0033 on Passover. The Blood Moon chart shows that NASA recorded a Blood moon on the same day, April 3rd, 0033. The Perpetual "Passover/Sukkot" calculator that converts Hebrew Holy Days and gives their Equivalent Dates in the Western Calendar, verifies the date for Passover falling on the NASA blood moon date. This same date, April 3rd, 0033, is found in the Chronicles of the Chinese Emperor Guangwu of the 4<sup>th</sup> dynasty, where his astronomers recorded both a blood moon and total solar eclipse on April 3rd, 0033.

I believe the Lord's return can happen anytime between April 3, 2033 to October 14, 2033. October 7/8, 2033, is the start of Sukkot, finishing on 10/14/2033. There is not another blood moon tetrad falling on Jewish feasts holidays for the next 1000 years.

Jesus made it very clear that His second coming would happen at the end of the age when Israel matured as a strong nation. On May 14, 1948, the United Nations signed a document granting statehood to Israel fulfilling the Isaiah 66 prophecy.

**Isaiah 66:8:** *Who has heard such as this? Who has seen such as these? Has a land ever gone through it's labor in one day? Has a nation ever been born at one time, as Zion went through her labor and gave birth to her children?*

Matthew 24:32-35: Now learn the parable from the fig tree (Israel): as soon as its branch has become tender and sprouts its leaves, you know that summer is near; so you too, when you see all these things, recognize that He is near, right at the door. Truly I say to you, this generation will not pass away until all these things take place. Heaven and earth will pass away, but My words will not pass away.

Let's do simple math. Subtract 1948 from 2033 and you get 85 years. This falls a little outside the verses that pronounces man's age for a generation, but shows God's mercy by extending a generation to 85 years.

Psalms 90:10: The days of our lives are seventy years; And if by reason of strength they are eighty years, Yet their boast is only labor and sorrow; For it is soon cut off, and we fly away. (I love this way of referring to the rapture, "and we fly away". We don't die, we fly away! Hallelujah!)

I find it interesting that the 0032/0033 Tetrad and 2032/2033 tetrad are not perfect tetrads like the other 8 tetrads. They seem to be set up as signposts by the King of the Universe, Jesus, highlighting the miracle of the other 8 perfect tetrad blood moons! This peculiarity draws attention to these extremely important Tetrad blood moon dates of 0032/0033 and 2032/2033.

The most amazing miracle is the fact that all these blood moon tetrads fall on the Jewish feast festival days of Passover and Sukkot. The second most amazing fact is that God has used the blood moon tetrads for 2000 years starting with Jesus' death in the year 0033, up to His return in 2033, as a sign to us.

I started my research by finding each and every blood moon tetrad on the NASA website and recorded the dates for each of the 4 blood moons.

I used this Passover and Sukkot calculator listing the Jewish feast holidays to compare to the dates of all the blood moon tetrad eclipses on the NASA website.

**The green cells** indicate a match between the full blood moon date and holiday date, within one day.

**The red cells** indicate a non-match of two days or more.

Besides the miracle of blood moon tetrads happening in a very tight 2000 year window, on Passover and sukkot, Adonai uses total solar eclipses to speak to our nation the United States of America.

This next map shows all three total solar eclipses, coast to coast, that will happen in a short 7 year time span. Prior to the 2017 total solar eclipse, the USA had not seen another for 99 years, back to 1918. The odds of this ever happening are 115 to 1 showing the divine finger of God and how He is allowing judgment to fall on our nation.

On April 8th, 2024, God, Adonai, will complete His 50 mile wide black "X" across our country, and at the same time, completes his second sign, a Hebrew character, the Aleph. The Aleph is in the shape of an A, laid on its side. In the old ancient Hebrew script. (Not the modern Hebrew script of today.) This is the first letter in the Hebrew alphabet. At the same time the Aleph, the Hebrew character is completed, the Tav (X) is completed which is the last letter in the Hebrew alphabet.

These Hebrew characters are the first and last letters in the Hebrew language, signifying "the beginning and the end" and, I believe, signaling the destruction of our country. This will happen in the year 2026, or sooner, and things will never be the same, EVER!

George Washington, our first president of the United States, dedicated this nation to God in 1789 in New York City. This dedication signified the beginning of our nation.

The destruction of our nation will happen sometime after April 8th, 2024, when we will be attacked and lose millions of our citizens in the first of two nuclear wars.

Why would a loving God allow our enemies to target our major cities with nuclear ICBMs to bring death and unspeakable horror to our nation. Our "sin" is the simple answer. We continue to kill tens of thousands of babies, human beings, made in God's image every year. We have changed our laws allowing same sex marriage to take place in our nation. Crime, murder and mass shootings are out of control.

The good news is that losing millions of our citizens will drive a lot of people to seek God and find Him before they breathe their last breath.

**Deuteronomy 4:29-30:**

*But from there you will seek the LORD your God, and you will find Him if you seek Him with all your heart and with all your soul. **When you are in distress**, and all these things come upon you in **the latter days**, when you turn to the LORD your God and obey His voice.*

Note: The above information on these two Hebrew characters and their meaning in these END TIMES comes from Abraham (Overcome Babylon) and his guest speaker Lorenzo Garay. Very interesting video!

Some YouTube Bible layman are raising the alarm Having to do with the Aleph and Tav total solar eclipse paths across our nation. I copied the following from one of these Lay people's emails, Cony Brown, a friend of a friend.

This eclipse along with the other 2 solar eclipses (the one is 2017 and the one coming in April, 2024) form the "**Aleph and a Tav**" letters over the U.S.. The "**X**" is the "**Tav**" part of this pattern. Looks like Someone has written their initials with the Eclipse paths....? But if that is not convincing enough; The upcoming eclipse on April 8, 2024, crosses directly over some interesting towns...in the U.S. and Canada... Jonah, TX; ; Nineveh, TX; Rapture, IN; Nineveh, OH; Nineveh, PA; Nineveh, NY; and Nineveh, Nova Scotia... **And if that isn't enough**... It also partially eclipses 3 more Nineveh's....; Nineveh, IL; Nineveh, VA and Nineveh, MO. So, 8 Nineveh's total, with 5 being direct...totally eclipsed towns. But notice: There is only **ONE** town named **JONAH**, and **ONE** town named **RAPTURE**... In the story of Jonah, when he finally went to Nineveh, he warned them that if they did not repent, **God would destroy them in 40 days... April 8, 2024 + 40 days???**

So now you have a possible date, from the Bible. Will it be a significant or relevant date? 40 days after April 8? Maybe, maybe not. I am not a date setter. But it is beyond coincidence that this eclipse passes over these towns with these names. A clear warning is there.

All the Jewish feast holiday dates will appear in the calculator after selecting the date, you are interested in, as outlined below

I want to make one final comment here from Cony's writings where he said "April 8, 2024, + 40 days???" What I am going to write here is pure speculation on my part. Forty days after April 8, 2024, is Pentecost, May 19. Adonai has printed the Aleph and the Tav signs over our nation using 3 total solar eclipses over a 7 year period. This is so profound it must be taken seriously as a sign of coming judgment. Could the Lord

be setting up Judgment by **nuclear fire** raining down from our enemies on Pentecost, Sunday May 19? I believe there is a double meaning here. On Pentecost after Jesus was crucified, **tongues of fire** fell on the 120 in the upper room. Adonai gave Jonah a message for Nineveh, repent in 40 days or judgment will fall. Judgment could come as early as May 19<sup>th</sup>, or as late as 2026, but it is coming where we will lose 1/3 of our population, more than 100 million citizens. **Revelation 9:16**: *By these three plagues a third of mankind was killed by the fire and the smoke and the brimstone which came out of their mouths...* (John is doing his best to describe what he is seeing in his vision of our 21<sup>st</sup> century weapons of war since he only knows of riders on horseback. He is seeing riders of the Apache AH-64 helicopter gunships with fire and smoke coming out of its mouth, the M230 30-mm automatic cannon.)
